AssetfinX Risk Disclosure

Document V 1.0

RISK DISCLOSURE:

AssetfinX provides an execution-only service and does not advise on the merits of any particular transactions or their tax consequences.

As a general matter, Users should be aware of the following prior to utilizing our Services. Trading Tokens can be extremely risky. Each particular Token has a unique feature set that makes it more or less likely to fluctuate in value.

In addition, factors beyond AssetfinX control may affect market liquidity for a particular Token, such as regulatory activity, market manipulation, or unexplainable price volatility.

Blockchain networks may go offline as a result of bugs, hard forks, or a number of other unforeseeable reasons. AssetfinX does not assume the risk of losses due to trading or due to factors beyond its control regarding the viability of specific blockchain networks.

As a general matter, we advise Users with limited trading experience and low risk tolerance not to engage in active trading. Speculating on the value of Tokens is high risk and Users should never trade more than they can afford to lose.

Understanding Tokens requires advanced technical knowledge. Tokens are often described in exceedingly technical language that requires a comprehensive understanding of applied cryptography and computer science in order to appreciate inherent risks.

Listing of a Token on AssetfinX does not indicate approval or disapproval of the underlying technology regarding any Token, and should not be used as a substitute for your own understanding of the risks specific to each Token. We give you no warranty as to the suitability of the Tokens traded under these Terms and assume no fiduciary duty in our relations with you.

You accept the risk of trading Tokens. In entering into any transaction on the Platform, you represent that you have been, are, and will be solely responsible for making your own independent appraisal and investigations into the risks of the transaction and the underlying Tokens.

You represent that you have sufficient knowledge, market sophistication, professional advice and experience to make your own evaluation of the merits and risks of any transaction or any underlying Token.

You are responsible for complying with applicable law. You agree that AssetfinX is not responsible for determining whether or which laws may apply to your transactions, including tax law. You are solely responsible for reporting and paying any taxes arising from your use of the Services. You are aware of and accept the risk of operational challenges.

AssetfinX may experience sophisticated cyber-attacks, unexpected surges in activity, or other operational or technical difficulties that may cause interruptions in the Service. You understand that the Service may experience operational issues that lead to Confidential – AssetfinX (<https://www.assetfinx.com>) delays on our platform.

You agree to accept the risk of transaction failure resulting from unanticipated or heightened technical difficulties, including those resulting from sophisticated attacks. You agree not to hold AssetfinX accountable for any related losses.

AssetfinX does not advise on trading risk. If at any point AssetfinX or its representatives do provide trading recommendations, market commentary, or any other information, the act of doing so is incidental to your relationship with us and imposes no obligation of truth or due diligence on behalf of AssetfinX or its representatives.

AssetfinX is a regulated entity and must comply with applicable law. Applicable law, regulation, and executive orders may require AssetfinX to, upon request by government agencies, freeze withdrawals or trading (or both), or provide information regarding your account.

Further, our recordkeeping and customer verification procedures are subject to change at any time as required by law or industry practices. We must comply with the law and you accept any inconveniences to you or other consequences resulting from our compliance. Users accept all consequences of sending Tokens to an address off our platform. Token transactions may not be reversible.

Once you send Tokens to an address, you accept the risk that you may lose access to your Tokens indefinitely. For example, an address may have been entered incorrectly and the true owner of the address may never be discovered, or an address may belong to an entity that will not return your Tokens, or an address belongs to an entity that may return your Tokens but first requires action on your part, such as verification of your identity
